I'm 54 and just starting guitar after playing bass for years. glad it doesn't assume anything. Great introduction to the guitar. I am only a few lessons in, but love the explanations and diagrams. song selection is also good. The spiral bound version makes the book stay flat on the music stand; definitively the way to go.3 of 3 people found the following review helpful. Justin is an excellent teacher, a great book worth the \$By Carson HallI have been taking lessons with Justin on line for approximately 1 year. I started out with another teacher on the internet, and wasted one full year with the first guys lessons, I really learned nothing more than the basic chords and I played sloppy because I never learned any technique. Once I started Justin's lessons, I improved almost immediately. Even if you do take his free online lessons, I highly recommend this book as a supplement. I am on to his Intermediate lesson plan, but I decided to get this book anyways, and I am so glad that I did. I am able to play many of these songs after about 5 minutes of my first attempt.Justin is an excellent teacher, he is personable, he stresses technique, and this book contains some great songs.0 of 0 people found the following review helpful. A must-have book for Justin's free beginner courseBy VinThis is a great accompaniment to the Justinguitar site, and a great way to support Justin Sandercoe. It's not just songs, it adds a lot of additional information. The page sizes are maybe half letter-size, which is nice because you can put it on a book stand on your desk instead of having to maneuver a music stand in front of your desk so you don't have to move between reading/watching Justin's site and reading the book when trying to play along with the songs.

The updated 2nd Edition of the Justinguitar.com Beginner's Songbook is now spiral bound for easy reading and page turns, while remaining the same compact size for jamming on the go. Established as the ultimate songbook available for beginners, the Justinguitar.com Beginner's Songbook - 2nd Edition is the perfect complement for Justin Sandercoe's revolutionary online lessons which are used by hundreds of thousands of people across the world. Now you can learn to play 100 classic songs as your playing develops through the course. The book includes: Complete lyrics and chords to 100 songs by artists such as The Beatles, Bob Dylan, Bob Marley, Eric Clapton, Jimi Hendrix, Johnny Cash, Simon Garfunkel, Jeff Buckley, Crowded House, Mumford Sons, Kings of Leon, Nirvana and many more. There are 10 songs for each stage of the Beginner's Course, building up from easy three-chord songs through to more advanced tunes. Tuition notes for each song by Justin advising you on strumming patterns and chord changes, with diagrams to illustrate all the chord shapes you need.
