By David H. Copp Good puzzles, properly graded, but a tad stingy -- there are only 100 of them. The grid uses an unusual color scheme that bugs me! An even better book is the successor, "Kakuro Book 2" (Virgin

Books). 200 puzzles and the traditional grid.

More challenging and more addictive than Su Doku, Kakuro is the new puzzle craze to spellbind the nation and this is the first Kakuro book to be published in the States.
