8 of 8 people found the following review helpful. Very Good Challenging Set Of Kenken Puzzles In Usable FormatBy

C. G. Howie Having converted over from Sudoku to Kenken several years ago, I have found it difficult to consistently find challenging Kenken puzzles for airplane trips. This book totally fits the bill. Although it is difficult to calibrate complexity, I would describe the 9X9 puzzles in this book as a notch or two more difficult than the 6X6 and 8X8 "difficult" puzzles the NYT publishes daily on its website. Generally, I have found an average puzzle in this book takes about 25 minutes to complete, though with significant variation. Importantly, the book provides enough space for notes while solving, yet is a compact easy to carry paperback. I have been very pleased with this purchase. 5 of 5 people found the following review helpful. I like it so much that after I finish it I ... By Sandra Robin I have almost all the KenKen books and was excited to find this new one. I like it so much that after I finish it I will probably wait six months and buy it again. 3 of 3 people found the following review helpful. Excellent KenKen Book! By Jean Dempster Excellent KenKen book! The puzzles are indeed very challenging, but not impossible. The format is large enough to provide plenty of doodle work. It is just the level of difficulty that I was looking for.

The most diabolically difficult KenKen puzzles yet! Get ready for 100 of the most brain-bending, mind-melting 9x9 KenKen puzzles ever. This collection of super hard 100 9x9 puzzles has been hand-selected by our most experienced team of Kenerators to intrigue you, challenge you, and keep you entertained for hours.
