I teach college piano and this book has a wide variety of repertoire, sight-reading, ensembles, accompanying, and harmonization. It prepares students very well for piano proficiency exams as well as the adult learner. I highly recommend it!0 of 0 people found the following review helpful. It looks great. It does appear to be more intermediate than easy, compared to my beginners piano books from when I was a child. Maybe as a child the beginners books are easier than adult beginners.0 of 0 people found the following review helpful. good teaching

bookBy CustomerVery well written and explanatory. price was great
