Classic but not to be overlooked By KP78 My daughter's voice lesson teacher asked for us to buy this book and I did not think my daughter would enjoy singing classical songs. However, I was wrong. She loves signing these musical pieces. She is 9 years old and she also takes piano. She loves the

"Tomorrow" song from Annie so much so that she learned to play the song on piano and combine her voice and piano together. I love anything that encourages and supports my daughters love of music. Also, another note was that this book was not available in our local music store. Thus, was my best source to purchase it from. 2 of 2 people found the following review helpful. Good songs By Customer Good songs, nice arrangements. Was recommended by the singing teacher. I would like the CD to have the recordings of the actual songs as well as just the accompaniments, but maybe others would prefer being able to do their own interpretations and not listen to some other singer. 1 of 1 people found the following review helpful. Good for Elementary and Junior High girls. By Sachie This is a good basic Broadway book for beginning students in Elementary and Junior High. Three selections from Annie plus a couple of more challenging songs like Castle on the Cloud and the girl I mean to be. It says kids, but most songs are "girl" oriented.
