Cyrus F. Rea : KLOOTO Games CRYPTOGRAMS: Volume I (Volume 1) before purchasing it in order to gage whether or not it would be worth my time, and all praised KLOOTO Games CRYPTOGRAMS: Volume I (Volume 1):

I've had puzzle books in the past that were cramped and small, but this is an excellent size. It's very easy to read and is large enough to work on comfortably. The quotes are very clever and quirky. There are two cryptograms per page. The step-by-step example on how to do a cryptogram is perfect if you are a novice player. If you have never tried to do cryptograms this is the book to get you addicted and if your already an addict you'll love this format. I would highly recommend it and hope there are more by this author in the future.0 of 0 people found the following review helpful. great book quite the challengeBy patricia hoefergreat book quite the challenge0 of 0 people found the following review helpful.
