I bought this edition because I needed this English translations, in general the score is very well organized, I didn't like some parts of the english translation because they

added to much different text in fast parts that becomes very hard to articulate, while the Italian text repeats a single word, the english translation add many different words every time. There are some few missing words in the translation and some printing malfunction, but nothing that would compromise the study. In general I really like the score, it's small and lightweight!0 of 0 people found the following review helpful. professional service.By

Expertly arranged Vocal Score by Gioacchino Rossini from the Kalmus Edition series. This is from the Romantic era.
