**Giacomo Puccini : La Fanciulla del West Vocal Score** before purchasing it in order to gauge whether or not it would be worth my time, and all praised La Fanciulla del West Vocal Score:

0 of 0 people found the following review helpful. Excellent "Working Score" for singers/pianists/coachesBy J.K.B.The Publisher/Seller here does a great job describing the product (e.g. that it is a Italian-only version of Ricordi) which I greatly appreciated. The weight of paper they use is truly joyous. It's creamy and thick. Its spiral-bound so obviously it remains flat on a table or stand. When its on a piano stand with tall grooves, page turning will become tricky because its too floppy for the front rows, and the grooves are in the way if its against the back, but in a flat-bottom stand, theres no problem. I'm planing on using these for every gig possible where a hardcover edition isn't available. Given its paper and plastic nature, its not super durable, and will bend and crease a bit if in a cavernous bag, but wont rip easily at all. Good price-point. if anything, I'd maybe like a laminated cover, or stronger board. If it had stronger front and back pieces, I'd likely never use anything else. Also, shelf reference is tough, because there is no spine, just spiral showing.On this particular score, it arrived with severely wavy pages, as though maybe exposed to moisture. Perhaps this happened in transit. I considered a return, but it has relaxed, and is just fine. Very pleased

The only Puccini opera to premiere in America, La Fanciulla del West was a leap forward for Puccini in orchestration and harmonic richness. Its Wild West musical mood continues to delight audiences today.Pianists and singers alike will delight in the sturdy spiral binding of this score, which allows the book to lie flat when open to any page.- 336 pages- 8.5" x 11"- Printed on smooth, heavy, cream paper- Italian language only- Reprinted: G. Ricordi C., 1912. Plate
