This is really for a special occasion.1 of 1 people found the following review helpful. Very helpfulBy Jess RossI purchased this book in preparation for my close friend's bachelorette party. IT WAS A HUGE SUCCESS! We had the best night out we had had in a long time. Our group got lots of attention, a few free drinks, and a couple of hangovers. I recommend this book for anyone out there that needs a

little bit of direction when it comes to throwing a good party.

A hilarious collection of original games and bachelorette and birthday party game classics. Ladies' Night Out also offers fun and outrageous party planning tips, drink recipes, and dress-up ideas for your guest of honor.
