**Mr Henri Sant-Cassia : Lady Luck Lotto: Your winning lottery secrets.** before purchasing it in order to gage whether or not it would be worth my time, and all praised Lady Luck Lotto: Your winning lottery secrets.:

5 of 8 people found the following review helpful. Very Nice!By LeonSomething in here for any player. Liked the way he worked through the number picksand showed how to actually do this stuff for real. Also enjoyed the stories which weregood to learn from. Got this on a whim but happy I did as I never knew lotteries were sucha big thing. Play quick regularly and spend lots on tickets so the bits about buying the rightcombo of tickets was good. Will be trying these strategies when I next play because who knows? Plenty of winners in here why not me.4 of 7 people found the

following review helpful. Enjoy readingBy DJThis book gives you another way of looking at the lotto, and other things to consider when choosing your numbers.4 of 5 people found the following review helpful. Interesting reading but no magic formulaBy SamA great deal of information about lotteries by a British author, but not a guide to winning. One serious error is the statement under "Consecutive Numbers" that "A pure consecutive lotto pick has never been recorded anywhere in the world, in history." Actually the sequence 14, 15, 16, 17, 18 came up in Florida Fantasy Five on March 21, 2011. According to the Lakeland Daily Ledger of the following day the governor of Florida demanded an investigation and an angry crowd took to the streets claiming that the lottery was fixed. Unexpected results such as this are more likely in this lottery than in most others because it is a five ball lottery instead of six and has daily instead of bi-weekly drawings. It is the lottery in which Richard Lustig, author of the best-selling lottery book, has had most of his wins. He believes that luck has nothing to do with it but I think otherwise.Gail Howard, another best-selling author, also believes that consecutive numbers are virtually impossible not on the basis of any calculation but merely because she has never found one in her database of winning numbers. Actually, consecutive numbers are quite popular. When the Florida Fantasy Five sequence came up 47 players were betting on it.

Will you pick the next winner? Lady Luck Lotto is a complete guide to lotto and lottery strategies, plus the 20 most amazing lotto win true stories and real examples of possible number picks. Lady Luck Lotto is the award winning, complete guide to playing lotto professionally. Now you can learn all the tricks used by winners all over the world. From beginner to expert play, you cant fail to improve your lottery game and benefit from gaming science and proven techniques. Discover all the lotto's secrets to find your winning numbers. An expert, easy to follow guide to all lottery systems, for beginnings to professionals. Every play can find ways to make more money, with less risk using proven strategies.
