**Metallica : Metallica - Load (Play-It-Like-It-Is)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Metallica - Load (Play-It-Like-It-Is):

1 of 1 people found the following review helpful. Play It Like It Is from Cherry Lane By Lisa Murphy I started playing in a Metallica tribute band, and needed to learn 40 Metallica songs FAST!! I did not have time to learn it all by ear, including the solo's, so I splurged and bought almost every Cherry Lane, "play it like it is" Metallica book out there.

This company has been releasing these books for over 20 years and the transcriptions are always 98-100% spot on!!!! You will never be disappointing or playing the wrong notes from the songs this company transcribes. They also transcribe for most of the monthly guitar magazine publications in the world, so that should speak for itself! 0 of 0 people found the following review helpful. Great book! By Smurfbabe718 Bad ass..... love this series! 1 of 1 people found the following review helpful. Quality music book By Ryan Cipkar Pretty much what you'd expect from a Metallica book. Everything is there and presented exactly like it is supposed to be.
