It's about an FBI agent who is on the hunt for a serial and the radio talk-show host whom the killer is obsessed with. There is a lot of family dynamic/history for both Trevor and Rain, all of which play a huge part in the serials endgame. This had a completely unique storyline as well as life-like characters you can't help but fall in love with. The story was dark and edgy, full of suspense/mystery, and held me completely enthralled the entire time I spent reading it. Please note that it consists of some heavy subject matter

including; child abuse, incest, attempted rape, drug abuse, and the brutal murder of teenage victims. While it was a thrilling read, it also had a beautiful love story. Trevor and Rain had a deep connection as well as passion and need for the other. Dante aka "The Vampire" was an absolute creep who freaked me out more than once. The author did leave some questions open to interpretation which I don't usually like but seemed fitting with this story and killer. All in all I loved the writing, plot, characters, pace and just about everything about this book. Ms. Tentler is definitely someone to keep an eye and I can't wait to read the other books in this series!

Midnight Caller
By Nancy
Another great book by this author..I really liked how Trevor and Rain got along. I had to stay up late to finish this book.

By Renee B
I loved this book! It it a true romantic suspense, and to me, had the perfect mix of suspense and romance. Sure, there were times when I thought "Oh my god just forget about the past and live your life", but in the end, Trevor's past ended up playing a major part in the plot, and as a subplot, I enjoyed reading the scenes between he and his family. I did not see Rain as weak at all as one reviewer did. She does make some stupid choices, but the book couldn't have gone in the direction it did without them. I absolutely HATE any book with vampire themes, but I still loved this book, so that says something. One thing I am disappointed in.....I settled in to read the trilogy over the course of the next few days only to discover that the books are not related at all other than they all involve FBI agents. I was expecting characters from book 1 to be involved in book 2, in fact, while reading this book, I was trying to figure out which characters would be featured in the other 2 books. I feel it's somewhat of a cheat to call it a trilogy when it really isn't.

[Library Edition Audiobook CD in vinyl case.] "I don't plan to kill you . . . unless, of course, you force me to." Late-night radio show psychologist Rain Sommers is used to the crazies calling in to rage from the back alleys of the French Quarter and the shadows of the bayou. But one caller's chilling obsession with her and her long-ago murdered mother -- an iconic singer beloved among the city's Goth community -- has even the jaded Rain running scared as a sadistic serial killer known as the Vampire prowls New Orleans. FBI agent Trevor Rivette is convinced her midnight caller and the killer are one and the same. As it becomes disturbingly clear that the Vampire has a sick bloodlust only Rain can satisfy, she allows Trevor to get closer and closer. He soon discovers, however, that his secretive past and troubled present are intertwined -- and that he may die trying to keep Rain's fate out of a madman's control.

From Publishers Weekly
A smooth prose style and an authentic Big Easy vibe distinguish Tentler's debut. Dr. Rain Sommers, the host of *Midnight Confessions*, a New Orleans late-night radio talk show, was two years old in 1981 when Gavin Firth, Rain's British guitarist father, murdered her mother, Desiree Sommers, a popular goth singer, then killed himself. Special agent Trevor Rivette of the FBI's Violent Crimes Unit has been hunting a serial killer dubbed "the Vampire" (aka Dante), who's slain five women across the U.S. and is now in New Orleans. The sadistic Dante slashes his victims' throats and leaves a signature rosary just like one Rain's mother wore in some publicity photos. After killing three goth scene teens, Dante targets Rain. While thriller fans will find much that's familiar, from the vampire-like killings to the dependable FBI guy falling for the pretty woman in jeopardy, the shivers are worthy of a Lisa Jackson. (Feb.) This is one riveting read." --RT Books (four stars)
About the Author
LESLIE TENTLER worked in public relations as a writer and editor for nearly two decades before deciding to pursue her love of writing fiction. Her first manuscript won multiple Romance Writers of America chapter contest awards, including the prestigious Maggie Award of Excellence. Leslie is a native of Kingsport, Tennessee. Growing up, she was an avid reader, first of Nancy Drew novels and then surreptitiously devouring her mother's historical romances at probably too young an age. As she got older, her reading interests moved to dark contemporary romantic thrillers, which she writes today. She is a member of Romance Writers of America, International Thriller Writers, the Authors Guild, and Mystery Writers of America and lives in Atlanta with her husband, Robert, and their standard poodle, Tori.
