He is a wonderful person and his book is greatBy Cheryl AmesWe visited Las Vegas this spring and my husband actually got to play a couple games of pool with Mike Massey. He is a wonderful person and his book is great! Very entertaining and informative. My husband has learned some very good trick shots that he can perform on his own pool table. I was so glad to be able to buy him this book from at such a reasonable price and it was in my mailbox in no time!1 of 1 people found the following review helpful. Mike Massey's World of Trick ShotsBy Slovenian PoolDogI have seen a number of books on pool and trickshots and so far this one gives the most insight on the shot; how to set it up, speed and english needed along with cue angle and little tidbits to help you make it. For the trickshot want to be's this is a Great book for you, I love it!0 of 0 people found the following

Mike Masseys World of Trick Shots will teach you how to execute the shots like the master. Included are Hustlers Specials, Crowd Pleasers, Jump Shots, Masses, Prop Shots, and much more. All shots are diagrammed perfectly to scale. On every shot you will be shown how to set up the balls, where to strike the cue ball, the correct speed and elevation, and how to correct for the most common errors. The shots are rated for difficulty of set up and execution. This allows you to pick those that are suited to your level of skill. There is a chapter on how to give your own show, which includes lines that will amuse and entertain your fans. A 30-page biography of Mikes world travels will take you on several globe trotting adventures with the master.
