Jason C. Mortenson, Wausau, WI "Take it from a mathematician. The advice Mike gives in this book will definitely make you a better slot player... By using Mike's betting strategy, which is not difficult to do (there are no mathematical formula or anything), you will curb the odds a little more in your favor and greatly extend your playing time... Highly recommended for anyone who plays the slots on a regular basis."Christine Moore, Timonium, Maryland "I've always been a person to just play the money until it was gone. I never seemed to come home with money. A few new casinos opened up near my house and now I have the opportunity to play more. I decided I couldn't keep throwing my money away. I wanted to have the entertainment of the slots but not come home empty handed. I employed the techniques in the book at my next trip to the casino. It really worked! I actually came home with some of the casino's money for a change! Yeah me!"From the Back CoverTired of losing at the slots and going home with empty pockets?
