Riveting, BUT sorely lacking the CRUCIAL how-to of Ian's Burning the Tables, Knock-Out Blackjack, Blackjack for Blood, etc!By CustomerDon't buy this book if you think it is a complete how-to book, it isn't!What it crucially misses/omits is HOW you obtain a jackpot hit probability in the first place. Without that crucial piece of information, you CANNOT implement the slit strategies written about.BUT, the author Peter Liston does offer a 3-day course for \$7,900!!! Maybe that's when he'll connect the dots.AP's should be

disappointed with this author/book, as every other AP book DOES in fact COMPLETELY reveal how the respective strategies are implemented . . . NOT WORTH THE \$9.99 price.3 of 3 people found the following review helpful.
Worst book ever.By brendaThis was the worst book I have ever read. This guy is a nut to put it kindly. I guess if you want to become a gambler and lose your family, this is a definite read. The only thing I kept thinking while reading, was "get a life".3 of 3 people found the following review helpful. Complete waste of time. at least it doesn't waste much time.By Lachlan SmithI have never bothered to write an review before but this 'book' sorely needs reviewing. It is incredibly short, utterly useless and essentially serves as ad copy for his website, a website where he sells courses on winning the pokies. I shan't post a link to the site because he doesn't deserve the advertising. The two odd pages of actual information contained in this book are pointlessly simple. Whatever you do do not bother buying this book.
