First off, for anyone interested in magic and Criss Angel, I would highly recommend this fascinating book. Autobiographical in nature, this is Angel's life uncut, uncensored and off the cuff. That being said, if you have a weak stomach or are easily offended, this book may not be for you. Angel can be a bit graphic with some of his effects and stunts, and the language he uses can be very coarse. Along with being

a life story, this book has some great effects that can't be learned anywhere else, and I have read a lot of magic books. Angel is on top of his game no doubt, but at times he can come off as sounding prideful and arrogant. I guess I may be too if I were him, but his cockiness can get a little annoying. Overall, I would definitely recommend this clever book. 1 of 1 people found the following review helpful. I love this book By Shannon it is wonderful in every way. If you like Mindfreak this book is a must. if you like Criss, the book has great pictures of him. if you like physiology the book is an in depth explanation as to the why and the how of Criss's illusions. Understanding the how and why adds real "magic." I highly recommend. 0 of 0 people found the following review helpful. Interesting By thatsmioption Although I respect Criss Angel as a magician, he seems to elaborate too much on himself as opposed to his methods of illusions, which I would have liked for him to spend more time on. Interesting read though.

The star of Mindfreak the most astonishing and provocative mystifier of the twenty-first century Criss Angel shares his philosophy of life and magic, goes behind the scenes of his groundbreaking TV series, and reveals the secrets to forty mind-blowing illusions that you can master!

An amazing illusionist! The best I've ever seen! (Howard Stern) Criss Angel is brilliant, he's the postmodern Houdini and the man in whose hands the future of magic lies. (MTV) About the Author Criss Angel appears on the top-rated series Mindfreak, the first weekly magic series in forty years. Criss has performed more magic on prime-time television in the United States than anyone in history. He has performed on Broadway and in a number of television specials, and has received numerous awards throughout his career. He has been named magician of the year three times, making him the first three-time recipient ever to receive this most coveted award. He resides in Las Vegas and New York.
