Would be excellent for a parent looking to learn so they can play with their child. Concise, easy to understand. Could have used a little more explanation on some of the tips offered. My kids have enjoyed it and it has helped them to get a little more from the game. 0 of 0 people found the following review helpful. this is a useful book in the world of minecraft By Steve Though I wouldn't necessarily call this "Minecraft Secrets", this is a useful book in the world of minecraft.
