Brett Ortler : Minnesota Trivia Don'tcha Know! before purchasing it in order to gage whether or not it would be worth my time, and all praised Minnesota Trivia Don'tcha Know!:

I used it as a gift for my host parents in Spain and they loved it. Some really funny and some serious facts. Loved it!0 of 0 people found the following review helpful. Five StarsBy Missy DalyFun reading!2 of 2 people found the following review helpful. Don'tcha Know this is a fun book!By V JonesI can't remember the last time I had so much fun reading a book. Minnesota Trivia Don'tcha Know is filled with a large variety of interesting facts about Minnesota. Some of the facts were serious, some funny, and all were very entertaining. I admit my plan was to skim through this book before passing Minnesota Trivia Don'tcha Know on to someone else as a gift. But once I started reading, I could not put it down.What I liked best was the wide variety of subjects. And characteristically of all of Brett Ortler's books, this is appropriate for both children and adults. It is a very attractive book with lots of pictures and is organized well. This would make a fantastic gift for anyone wanting to learn more about Minnesota. (Check out the rest of Bret Ortler's books too as they make a really nice set.) For those who call Minnesota home, Minnesota Trivia Don'tcha Know provides some great entertainment. It really represents the state well and does not make fun of the people or the lifestyle of the Midwest. I actually felt a little Minnesota pride after reading Minnesota Trivia Don'tcha Know and have purchase several copies for Christmas gifts

to family members living in other states. Don'tcha know it is time to get the word out that Minnesota has more to offer than simply 10,000 lakes.

This book features the fascinating, funny and strange side of Minnesota, in small blocks of text, with accompanying photographs.
