Very beautiful and intelligently done. By Loriann Moreno Believe it or not, i thought this would be a

normal guide, but i was wrong, it has alot of extra's including pictures,interviews, even Artwork. Also it helps you to get past certain hard areas in the game, with a map and steps on the right panel. Also it has detailed steps on helping pass the time trials which are difficult unless you have a guide like this. I really have to commend and thank Prima for doing an excellent job this time with Mirrors Edge, it was not ordinary, and it was not even special edition, but it was written, and beautifully executed like it was.
