My Ghalib-101By CustomerOne of the problems I've always faced while understating the Ghalib's verses is not to able to absorb the overall meaning just by looking the translation of not-so-familiar Urdu/Farsi words.This book beautifully sets up a nice background before getting into the hard-to-understand verses part - hence puts up the philosophical meaning of the verses into a nice context.Book also provides a

great glimpse of Ghalib's personality.

In his long and celebrated career, gulzar has worked with the doyens of bollywood and he commands the highest respect as a soulful lyricist, insightful script - writer, sensitive director and compassionate human being.
