Howard Stern : Miss America before purchasing it in order to gage whether or not it would be worth my time, and all praised Miss America:

1 of 1 people found the following review helpful. Decent Read, Not as Good as 'Private Parts'By 4goertlersI am a HUGE Howard Stern fan have been since 1993. I've read his first tome, "Private Parts" a handful of times through the years enjoy it every single time. Now this book on the other hand is nothing like "PP". Even recently HS has said that he wishes he could rewrite it. I bought this book thinking that the 1st time I tried to read it was so long ago that maybe I didn't give it a chance. Well, I've read it again now, the only thing I can say is that it was a tad better the 2nd time

around. There is more insight into the on-air players other staff that is interesting. Overall though, it feels like an empty read for a true fan. Just a follow up to the 1st book to make some \$\$\$. Stick with "Private Parts" for a funnier, more interesting read. This book is okay to keep in your bathroom skip around reading certain parts here there; a lot can be skipped. And Howard even agrees! :) 0 of 0 people found the following review helpful. Just NoBy DMerlsTerrible. This would have only been for fanatics on its release date long ago but now it makes pop culture seem like an utter waste of time. Bought out of curiosity and because it was marked far down. And almost no content on the Wack Pack (pre-Wack Pack mostly). When I prune my library, this will be the first discarded. 0 of 0 people found the following review helpful. InterestingBy schagThis is an interesting book of Howard's encounter with celebs and other random stories. The only problem I have is it hard to follow the flow of the book as it just jumps from story to story without much order and I've always had trouble reading any kind of book like this.

Shock-jock radio host Howard Stern (Private Parts) shares his own offbeat, outrageous views and offensive observations on life, the world, modern American society and more in the massive #1 New York Times bestseller Miss America.

.com Stern's second memoir focuses more on his professional family than on his biological family, and those who listen to his syndicated radio program will LOVE the chance to know more about Stern's crew. If you've been dying to see Stern in drag, here's your chance. But he's still at his best when he's assessing his celebrity guests, trashing the Kennedys and describing his relationship with his computer. For fans of Stern's long-suffering wife Allison, there is a very funny description of her 40th birthday party, and how Stern came through for her and "her yenta friends." From the Back Cover Now with more than forty pictures of naked breasts, Howard Stern's Miss America offers remarkable revelations about: Howard's secret meeting with Michael Jackson! The Stern family pact with Adolf Hitler! Howard's never-before-revealed mental illness! With chapters on Howard's ongoing battle with the FCC and his legendary campaign for governor of the state of New York, Miss America covers some of the greatest news stories of recent history from the Atlantic City penis sandwich to an exclusive with Jackie O's embalming-fluid delivery boy and of course, Philadelphia's own fecal-obsessed Uncle Ed. About the Author In addition to his role as a former Miss America, Howard Stern is the author of the phenomenal bestseller Private Parts and is the governor of the state of New York. His radio show is No. 1 in the whole wide world except for the former Yugoslav republics and most of Africa. He also is co-author of the Oprah Winfrey Cookbook and the ghostwriter of The Bridges of Madison County. He received an Academy Award nomination for Best Screenplay Adaptation for Schindler's List.
