Book like many to Parragon's spiral bound on very good paper.Not exceedingly difficult but the variety keeps brain cells actively engaged.Parragon is my first to go for puzzle books!0 of 0 people found the following review helpful. Five StarsBy Lydia K. NicholsThe puzzles are awesome!

This is more than your average puzzle book. This contemporary format comes with a pencil set inside the book within a specially made diecut. Without having to waste time looking for a pencil there'll be more time to puzzle your way through this great selection of word and number puzzles. With something new for everyone and everyone's favorites included you won't be able to put it down.
