4 of 4 people found the following review helpful. great bookBy B. RyanFantastic beginners guide to blackjack.This book contains everything one needs to go from zero to sixty in a couple hundred pages.0 of 0 people found the following review helpful. Easy and interesting read!By Pat EversonVery insightful, and well written. Difficult to view the charts and tables on my Kindle though, that's why it had to lose a star. All in all, recommended for any advantage blackjack player!1 of 1 people found the following review helpful. EXCELLENTBy CustomerFantastic book. Very dense (this books has information on just about everything under the sun on blackjack) but I think the best book on blackjack I have read. Both technically informative and practical. Highly recommended for anyone serious about the game.
