Marshall Miles : Modern Constructive Bidding before purchasing it in order to gauge whether or not it would be worth my time, and all praised Modern Constructive Bidding:

Five Stars By Winston Hunag I like the book 1 of 3 people found the following review helpful. Outstanding By XtraPortly I am a senior that prefers 2/1 per Max Hardy but with 12-15 NT. I found I really resonated with the philosophy and attitudes expressed throughout the book. Many valuable discussions... such as the main point of his controls for a simple reverse.. Very sound and well written; not for the beginner.

The logical follow-up to the author's best-selling *Competitive Bidding in the 21st Century*, this book deals with the latest expert thinking on constructive auctions at bridge. As usual, Miles' ideas are cutting edge, and not everything he recommends will appeal to everyone. However, through discussion, Miles challenges his readers to think about and question what they are currently doing, ultimately reinforcing their own confidence in the style they choose to play.
