Milian France : More Make-A-Games: Game Pattern Sheets before purchasing it in order to gage whether or not it would be worth my time, and all praised More Make-A-Games: Game Pattern Sheets:

0 of 0 people found the following review helpful. Formative AssessmentBy C. RobinsonThis is a great book with game boards for students. Teachers can put in their own questions from the state standards. If you make all the games, every student will be able to review. It is great review for a summative test. You can make many extra cards and use them for every semester. It is well worth the time to make the boards. I glued the game posters onto boards. But laminating them will do just fine.
