Garrison Keillor : More News from Lake Wobegon Hope before purchasing it in order to gage whether or not it would be worth my time, and all praised More News from Lake Wobegon Hope:

0 of 0 people found the following review helpful. Wonderful bed time stories for grownupsBy MaryWhen I need help falling asleep, I put on a CD and listen to the wholesome humor of Keillor's melodious voice. I just love his stories and sometimes I even get to hear the endings when I am really restless. I have most of the stories memorized because they have been played so often. I am often reminded of these stories in everyday life when situations arise that are similar, and have a good laugh at myself.7 of 8 people found the following review helpful. Four more Keillor classicsBy A Customer"More News From Lake Wobegon's" "Hope", contains four more stories that further cement Keillor's place as the greatest storyteller in modern American History. The first story is "Alaska", an absurdly brilliant account of an independent Minnesotan who goes to Alaska to get away from her mother. Second is "The perils of Spring", where Keillor honors the constantly struggling farmer with humor, as always. "A trip to Grand Rapids" is the story of a

couple who tries to get away for the weekend, with little initial success, and "Author" is a look into the pre-adolescent mind of the future author, Garrison Keillor himself. Altogether, these stories are magnificent and would be enjoyed certainly by anyone who reads this review.

A thematic collection of Lake Wobegon monologues, Hope contains Truckstop; Smokes; The Perils of Spring; Let Us Pray..

Long-time fans of Praire Home Companion will rejoice at this re-release. New fans will really enjoy the better told and kindler and gentler version of Lake Wobegon. The Serious Comedy Site
