A compilation of great gags and sketches from the incomparable Eric and Ernie, one of the best-loved and most successful comedy duos of all time. Dip into the fun barrel for such magic moments as Ernie the male model, Eric and his fast-growing moustache seeds, and the day little Ern (he of the short, fat, hairy legs) was asked to be Bob Hope's head waiter (sorry, head writer). Furthermore, Ernie's genius as a mathematician is revealed—he can even do calculations blindfolded and hear how Eric tries to help Ernie get over the flu. (You can tell he's ill, he hasn't written a play for 20 minutes but, don't worry, he'll write six more the next day.) There's the first meeting in a London teashop between Lord Byron and Keats, as well as Eric's name change by deed poll (no wonder it hurt). But will 'The Robin Catbush and Phyllis Ludicrous Show' really catch on? 2 CDs, 90 minutes

About the Author Eric Morecambe and Ernie Wise began their award-winning double-act in 1941 after meeting in Jack

Hylton's revue, *Youth Takes a Bow* at the Nottingham Empire Theatre. They temporarily separated during the war, but reformed after and went on to star in a series of hit shows that spanned over 20 years and included the ratings smash *The Morecambe and Wise Show*. They became one of Britain's best-loved comedy duos and their partnership lasted until Eric Morecambe's death in 1984.
