There are mp3 accompaniments one can find either on YouTube or from an online place. I don't most baritone/basses would ever work on on the arias in this book anyway.0 of 0 people found the following review helpful. Perfect!By AJBricksI got this on time in perfect

condition. Came with a CD. A few from Magic Flute, Don Giovanni, and Marriage of Figaro. Perfect for younger voices - Papageno tops out at an E or E flat and around a Bb on the bottom and I think the highest the book goes is an F# in the Count's Aria. Great product, great service, fast delivery. Would use the seller again. => 1 of 3 people found the following review helpful. Excellent collection! By G. Clark This book contains ALL of the baritone arias from 'Le Nozze di Figaro' and favorites from the other DaPonte collaborations and 'Die Zauberflote'. Excellent Mozart repertoire for baritones!
