Opal Wheeler : Mozart, The Wonder Boy (Great Musicians Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mozart, The Wonder Boy (Great Musicians Series):

2 of 2 people found the following review helpful. It's a super enjoyable storyBy Will RiddleThis is the textbook which goes with the audio. Audio is not included. It's a super enjoyable story, as most of the Opal Wheeler's are. My boys liked it a lot probably because it has some neat pen and ink drawings in there. You can use it without the audio, but it seems best as a companion.16 of 16 people found the following review helpful. Alive with InformationBy TMichelleCannonThis book was a wonderful addition to our 12-week composer study of Mozart. The story is "alive" rather than a boring text. Written in story form, it draws in the children's attention and hold's it. This is key to any well-written book.1 of 1 people found the following review helpful. Easy and interesting bookBy b buyerI was looking for a simple yet story type book of Mozart. This book gets the points across about his life and yet it is simple. Having the study guide accompany the book is the reason I chose this.

Here, at last, is the new edition of Mozart, The Wonder Boy, that you have wanted for such a long time. The first book

of Mozart, The Wonder Boy, had some delightful music, but you wanted still more, and here it is thirty-five full pages of Mozart music that you will find at the end of the story. And now what a joyous time you will have as you give yourself a beautiful concert, playing the lovely waltzes, minuets, and sonatas, all of them written by Mozart, the Wonder Boy. ~Opal Wheeler Sybil Deucher (from the original 1941 edition) This title is part of the Great Musicians Series - The Great Musician Series represents a milestone in music history/appreciation education. This growing line of biographies focuses on the foundational musicians and composers that have had the greatest influence on musical composition and performance. These great masters have composed some of the most memorable and timeless musical pieces that we enjoy today. Our Great Musician Series pulls back the curtain to reveal the lives and times behind these great classical compositions. Explore the persons, places, and events that influenced the masters and the beautiful music they created. This series engages students of all ages, using all learning modalities, thereby providing the richest and most memorable learning experience for your children. We include a variety of materials that will help you deliver this wonderful musical education quickly and easily.
