**Jim Cox : Mr. Keen, Tracer of Lost Persons: A Complete History and Episode Log of Radio's Most Durable Detective** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mr. Keen, Tracer of Lost Persons: A Complete History and Episode Log of Radio's Most Durable Detective:

That "kindly old investigator," Mr. Keen, sought missing persons and unraveled crimes longer than any other fictional

detective ever heard or seen on the air. For 18 years (1937-1955) and 1690 nationwide broadcasts, Keen and his faithful assistant Mike Clancy kept listeners coming back for more. The nearest competitor, Nick Carter, Master Detective, ran for 726 broadcasts. This definitive history recounts the actors and creators behind the series, the changes the show underwent, and the development of the Mr. Keen character. A complete episode guide details all of the program's 1,690 broadcasts.
