**Galison : Muchos Autos 500 Piece Puzzle** before purchasing it in order to gage whether or not it would be worth my time, and all praised Muchos Autos 500 Piece Puzzle:

1 of 1 people found the following review helpful. It Only Looks Easy!By P\_J\_PAAfter I received another puzzle from this company (Galison) as a gift, I decided to try another. The first puzzle The Beatles No. 1 Singles 500 Piece Puzzle was very good quality graphics and materials. This puzzle, Muchos Autos follows through on quality.When you look at the photo while browsing online, you might think, "Well, that's a cool picture - look at all the brightly colored cars (via Cuba). That'll be easy. There's a yellow car, a blue car, a purple car, a white one". That's all true...except the "easy" part. Each photo has such detail - from the finish of the car, the buildings and the people that you'll eventually spot in the pictures. It's not impossible...but certainly a challenge.I enjoyed it very much. I would purchase more of this brand puzzle.0 of 0 people found the following review helpful. Well made with vibrant colors. My 6 year old loves it!By ChristineMy car loving 6 year old saw this puzzle at a local book store and wanted it. Finally after he finished reading

50 books he got to redeem his prize and it did not disappoint. These puzzles are well made and challenging enough. With a little help we finished it in one day. The colors on the puzzles are vibrant and fun to see all the details in the pictures. The test is how long it will be till the kiddos ask to play with it again. 0 of 0 people found the following review helpful. Cars cars cars By Scout Field These cars!
