**Matthew Granovetter : Murder at the Bridge Table (Or, How to Improve Your Duplicate Score Overnight)**  
before purchasing it in order to gage whether or not it would be worth my time, and all praised Murder at the Bridge Table (Or, How to Improve Your Duplicate Score Overnight):

4 of 4 people found the following review helpful. A Bridge Instruction book with mysteryBy CustomerThis is mostly

a book of instructions and tips about playing duplicate bridge. There is a mystery, but only bits and pieces of the clues are presented. I bought this book hoping to get a whodunnit with bridge tips, but this is not it. Look for the Honor Hartman series for better mysteries, but this is a good addition to your bridge lessons bookshelf. 4 of 4 people found the following review helpful. Good for bridge, story, not so much. By cgilbert Going over the bridge hands was very good practice and enjoyed his helpful tips. The story is a yawn. Titles of his books are catchy, but he should just write bridge books. 4 of 5 people found the following review helpful. IF THIS IS A MYSTERY, IT'S A MYSTERY TO ME. By Frances E. Bilmes I HAVE LEARNED SOME BRIDGE FROM THIS BOOK, BUT THAT IS NOT WHY I BOUGHT IT. I WAS LOOKING FOR A GOOD MYSTERY WITH ELEMENTS OF BRIDGE. THIS IS A BRIDGE BOOK WITH A FEEBLE ATTEMPT AT A MYSTERY.

First published in 1988, this book has been out-of-print for several years. It is a mystery and a bridge textbook all in one, and accomplishes both exceptionally well. Based on the author's own experiences, and set in and around a Manhattan bridge club, the story includes many real-life bridge characters whose names will be familiar to readers.
