DuBois I really enjoy teaching with the Faber books in addition to other methods I use. No matter what the level, this series focuses on getting my students to read their music more quickly. There's a strong base in music theory and I find my students play from the grand staff a bit more quickly. The pieces tend to have a bit more challenge to them, depending on level, and I've seen very good results using these books. From lesson books to theory and technique and great solo pieces, I recommend these as a piano teacher. My First Piano Adventure, Writing Book A 0 of 0 people found the following review helpful. My kids are really enjoying learning piano with this series and enjoy the music that comes along with it (we use the free audio online but the main book also comes with a CD). Very active and a lot more fun than another book we used. She is a very early beginner so it will be interesting to see how this book progresses compared to the one my son used. He made a lot of progress in the book he used but this one is definitely more fun. 3 of 3 people found the following review helpful. Great book, clear instructions, kids love it! By ThePomeroy's I really like it. My 7 year old is doing great with a friend of mine teaching her using these books, along with the lesson book and CD. You definitely need the CD or you would be lost. I have no piano skills and the instructions are clear enough I can help her when she becomes stuck on a section!

(Faber Piano Adventures). Developing the ear and training the eye of the young child is a key component of the Writing Book A. Tucker, the mascot dog who loves to LISTEN, is always on the scene as the young child imitates, matches, and creates rhythmic and melodic patterns. The multi-cultural friends present improvisation and simple, guided composition activities. Blinker, the owl who loves to LOOK, helps students recognize patterns of rhythms and

notes, and introduces sightreading. The Writing Book offers a holistic, musical approach to theory through discovery, creativity, imagination, and fun! [View Helpful Introductory Videos Here](#)
