Adam-Troy Castro : My Ox Is Broken!: Roadblocks, Detours, Fast Forwards and Other Great Moments from Tv's 'the Amazing Race' before purchasing it in order to gage whether or not it would be worth my time, and all praised My Ox Is Broken!: Roadblocks, Detours, Fast Forwards and Other Great Moments from Tv's 'the Amazing Race':

0 of 0 people found the following review helpful. Loved it!By OnoladyLoved this book...so much fun to read. And I loved the sense of humor! Will now have to go back and watch the first nine races again. Thank you for a fun read.0 of 0 people found the following review helpful. Four StarsBy Martine SA must read for fans of the series.2 of 3 people found the following review helpful. This quick read made me giggleBy quinnnchickI had read good reviews of this book all over but I generally dislike books without much dialogue so I put off buying it. I finally broke down and spent the cash and am glad that I did. Even though I haven't watched every season of the Amazing Race, I got quite a few chuckles about the racers and the races themselves.It is written with a bit of generalization so it isn't nit picky and focuses more on the people and their personalities and interpersonal relations.A nice quick read that makes you smile and laugh.

The Amazing Race is a reality show like no other and it has the best set around.Best-selling novelist, Adam-Troy Castro, explores The Amazing Race in My Ox is Broken! one of the first books ever published about one of the best reality television programs around. From Thailand to Greenland, this show has consistently gone where no other show has gone before, and Castro continues the excitement of the Race in a book that is funny, entertaining, and uniquejust like the show itself.The Amazing Race has hooked viewers for all the right reasons and it doesnt show any signs of stopping. My Ox is Broken! is the best reading companion for any fan of this hit show or for any fan of reality television at its best.

From School Library JournalAdult/High SchoolThis is a guidebook to the popular TV series in which contestants race around the world engaging in grueling tests of fortitude and stamina, while demonstrating the ability to get along with their teammates, with the hope of winning one million dollars. The humor and snide asides by the author make the book most appropriate for teens. Good for fans who might have missed a season or two among the eight covered here, its also entertaining for anyone who wants to know what the show is like but doesnt want to watch it. Castros tendency to introduce a segment of each race by hinting at who will win or which team will not survive takes away some of the suspense. He also nicknames the teams (e.g., Team Doomed), and this removes some of them from contention for readers before the race has even begun. He dismisses an entire season of the racethe family editionas weak and poorly conceived, and his sarcasm toward some of the participants here is even thicker than usual. There are entertaining interviews with some of the shows most memorable contestants. The chapters recounting the smartest tactics and dumbest mistakes are enjoyable, as is the chapter on the shows most enduring moments. An interesting twist on armchair adventuring.Will Marston, Berkeley Public Library, CA Copyright Reed Business Information, a division of Reed Elsevier Inc.
