Dan Birlew : MySims: Prima Official Game Guide (Prima Official Game Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised MySims: Prima Official Game Guide (Prima Official Game Guides):

Definitely worth the investment.5 of 5 people found the following review helpful. OK Guide, but Not NeededBy Larry NolanThis game guide is good and helpful, but not needed to enjoy the game. My wife likes the guide because she wants to know all the details, who to talk to and where to place their houses or businesses and their decorating likes in order to improve your relationship with the people in the MySims community. I recommend the guide only for those, like my wife, who like the additional information just for the fun of it.0 of 0 people found the following review helpful. Five StarsBy annI like my sims.
