**Gabe Fajuri : Mysterio's Encyclopedia of Magic and Conjuring: A Complete Compendium of Astonishing Illusions** before purchasing it in order to gage whether or not it would be worth my time, and all praised Mysterio's Encyclopedia of Magic and Conjuring: A Complete Compendium of Astonishing Illusions:

0 of 0 people found the following review helpful. Mysterio's Encyclopedia of MagicBy Kindle CustomerThis is a great book to have on the art of magic. A lot of the effects have stood up to the test of time and still baffle people I have tried many of the effects myself and it truly amazing.0 of 0 people found the following review helpful. A great read for an Intermediate MagicianBy Mike M.I've been performing magic for a couple years now and found the book to be quite interesting. They even give explanations to a couple big stage illusions that I am definitely going to use in the future. Yes, they are classics, but great tricks. Altogether the book has some great visuals for each trick, with the

famous Mysterio performing. The book is written from the perspective that Mysterio gathered all his greatest tricks together and documented them for safe keeping and now you have come onto them. In all it is great for beginners and intermediates alike. 0 of 0 people found the following review helpful. A fantastically revealing book that hopefully will not be appreciated ...By Ming A. LouieA fantastically revealing book that hopefully will not be appreciated nor read by the general public as it lays bare the real workings of magicians and other wonder workers today?

Quirk's Amazing Magical Wonder Deck charmed amateur and professional magicians with its gorgeous aesthetic and fiendishly clever card tricks. Now these same readers can experience a complete course in magic with Mysterio's Encyclopedia of Magic and Conjuring a giant compilation of more than 300 tricks and variations. Here are illustrated step-by-step instructions for rope tricks, money magic, mind-reading effects, stage illusions, everyday magic, and plenty of all-new card tricks. Readers will learn how to bend spoons, stretch handkerchiefs, levitate glassware, make small children disappear, shuffle playing cards with aplomb, and much more everything from simple street-magic effects to epic on-stage illusions. Mysterio's Encyclopedia of Magic and Conjuring is a beautifully designed reference for magicians of all ages and abilities.

About the AuthorGabe Fajuri is an associate editor of Magic, the world's leading trade journal for magicians. He also publishes scholarly titles on the subject of conjuring. He lives in Chicago.
