There are 180 puzzles in this book and the book is the size of a large coloring book. The book is done in larger print, which I like. There are a couple of levels of "difficulty". They used 2 different fonts in this book (one of them I don't like). There are some old puzzles and newer puzzles in this book as well. Lots of fun to help keep your mind sharp.0 of 0 people found the following review helpful. Love the puzzlesBy dgalThis book was just as I expected it to be. Love the puzzles!0 of 0 people found the following review helpful. puzzles are perfect but size is too largeBy M. V. KolarI enjoy the puzzles and I know it described what was in the book but frankly, I don't need a huge page per puzzle. I regret buying it as a smaller version would have been

better for me. That's my bad. The puzzles themselves are exactly what you would find in the paper.
