This book has some of his best with arrangements that don't sound bad on piano. For parties with boomers I can use a few of these--no practice needed since they're pretty simple--and get a few nostalgic smiles. 0 of 0 people found the following review helpful. Love the music By Beverly J. Cowling The book was more worn than described or expected, but was intact. 0 of 0 people found the following review helpful. Five Stars By KimberlyGreat!!

(Piano/Vocal/Guitar Artist Songbook). 37 of his best, including: America * Forever in Blue Jeans * Heartlight * Hello Again * Love on the Rocks * September Morn * Song Sung Blue * Sweet Caroline * You Don't Bring Me Flowers * and more. Also includes an introduction by Mr. Diamond.
