From Torchflame Books : Neil McKenty Live - The lines are still blazing before purchasing it in order to gage whether or not it would be worth my time, and all praised Neil McKenty Live - The lines are still blazing:

Neil McKenty liked to argue just for the hell of it. During the 1970's and 80s he was one of Montreal's highest rated radio talk show hosts. At the peak of his career more than 75,000 people tuned in to CJAD to hear his show,

Exchange. "The basic exchange on Exchange, is not between the listeners and Neil McKenty," he once explained. "It is between the listeners. If the host sets up the chemistry, the show goes on its own momentum, and I am almost on the sidelines. On the other hand, I am in the entertainment business. If I bore my listeners, I'm dead." The material collected in this book focuses on the years he moderated, infuriated, provoked and entertained his listeners.
