James Quinn : New Expert Handicappers: Fourteen of the Best New-Style Experts Beating the Races Today
before purchasing it in order to gage whether or not it would be worth my time, and all praised New Expert Handicappers: Fourteen of the Best New-Style Experts Beating the Races Today:

0 of 0 people found the following review helpful. Not at all helpful.By Thomas R. KnightNothing new here. The expert handicappers were all niche gamblers. I was looking for more mainstream ideas to apply to actual handicapping.0 of 0 people found the following review helpful. Five StarsBy johnnie h.I thought the book was very helpful, how different experts think about the races an handicapping.2 of 3 people found the following review helpful. New Expert Handicappers; Fourteen of the Best New Style ExpertsBy Gary WileyI like handicapping horses using a method which I don't see any part of in this book. The handicapping that is done is actually a bore to read because in my opinion, nothing is included about what these people do as far as I can find.

Book by Quinn, James

From Library JournalPretty much a companion piece to Quinn's 1987 The Best of Thoroughbred Handicapping , though here the 14 premier handicappers in the country, who explain their methods. Of the earlier volume, LJ said,

"The first book to offer the handicapper a compilation of systems from which to choose" (LJ 10/15/87). If you bought that one, you might want to do the same again.-- MRCopyright 1989 Reed Business Information, Inc.
