Kevin Cummins : New Order before purchasing it in order to gage whether or not it would be worth my time, and all praised New Order:

1 of 1 people found the following review helpful. Five StarsBy Mark Russella great photographic essay of this favourite band.0 of 1 people found the following review helpful. Five StarsBy JorgeWhat a great documentation of such a troubled band

A definitive collection of photographs of the legendary and influential band New Order. New Order remains one of the most popular bands of the last half century. Founded in the dying years of punk and disco, and combining elements of post-punk, new wave, and electronic dance music, New Order was responsible for some of the biggest hits of the era and is one of few bands to have achieved mainstream success while retaining cult status. Having been the most trusted photographer of Joy Division in the 1970s, Kevin Cummins was uniquely placed to document the rise and fall of New

Order, from their formation in 1980 to their split in 1993. From underground beginnings as the flagship group of Factory Records in Manchester to grandstand tours around Europe and America, Cummins captured the band in every light, from the intimacy of the studio to the frenetic energy of live performance. Collected here for the first time are more than a hundred photographs reflecting over a decade of New Order. Prefaced by a selection of rarely seen ephemera, conversations with the band members, and an introduction from Douglas Coupland, this is a stunning celebration of a band whose influence on music and fashion is still palpable today.

"The rapport between the photographer and the band is apparent, and the exchanges delving into the bands history provide real insight. That rapport is even more evident in the meat of the book, with Cummins work showing an intimacy with his subject matter, regardless of whether the band is at leisure or onstage. . .Bad haircuts and fashion choices aside, this book captures the group as we'd like to remember them: a great band at the top of its game."-THE AGIT READER
About the Author Kevin Cummins's photographs are included in the permanent collection of the National Portrait Gallery and the Victoria Albert Museum in London and have been published in several monographs, including Joy Division. Douglas Coupland is a best-selling Canadian novelist, essayist, playwright, and screenwriter. Bernard Sumner, Peter Hook, Gillian Gilbert, and Stephen Morris are founding members of New Order
