All levels of ability give you a choice to match how much time you have. This thin size and light weight book are worth carrying even if you've gone electronic. 0 of 0 people found the following

review helpful. Great Challenge on the Fiendish Puzzles By Bryan A. Sarff I enjoyed this latest compilation from Su Doku Grand Master Wayne Gould. (Reminds me of the legendary Kung Fu Panda). Very challenging Fiendish puzzles for those fellow Sudoku addicts out there. A few instructional notes at the beginning to help with Easy, Difficult, and Fiendish. Well organized, clean pages, and a great size to travel with while on the road. Looking forward to the next book.

These 100 new puzzles from easy to fiendishly difficult come with a warning: They are seriously addictive. You don't need to be a mathematical genius to solve these puzzles; it is simply a question of logic and a little patience. Beware of pale imitations. These are the original and official Su Doku puzzles by Wayne Gould New York Post's Su Doku puzzle master and one of Time magazine's Most Influential People.

About the Author Wayne Gould is the brains behind Su Doku. A former High Court judge in Hong Kong, he now spends his time developing the puzzle.
