Wayne Gould : New York Post Spicy Su Doku: The Official Utterly Addictive Number-Placing Puzzle before purchasing it in order to gage whether or not it would be worth my time, and all praised New York Post Spicy Su Doku: The Official Utterly Addictive Number-Placing Puzzle:

0 of 0 people found the following review helpful. Not Overly DifficultBy JPfromOHWayne Gould's New York Post Su Doku Spicy collections, unlike some of his other books, is focused on what he labels as "Difficult" and "Fiendish" puzzles. One of the challenges in buying Su Doku books is that there is absolutely no standardization of difficulty

levels. The easiest puzzles in this collection clearly are harder than the "Easy" and "Mild" puzzles in his other collections, but overall they are not the most challenging Su Doku puzzles available. I give this book 4 stars because the puzzles that Gould has assembled in this book are perfect little diversions, which is what I like in Su Doku puzzles. One suggestion, though: do some looking around--I found this book in a remainder bookstore a few years ago for \$2.98. 4 of 4 people found the following review helpful. disappointedBy Midas' MomThe puzzles are not very difficult for an experienced solver. I do not need any pencil marks and I finish them within 20 minutes.

Su Doku makes every day just a little more fun. You don't need to be a mathematical genius to solve these puzzles; it is simply a question of logic and a little patience.

About the AuthorWayne Gould is the brains behind Su Doku. A former High Court judge in Hong Kong, he now spends his time developing the puzzle.
