Debbie takes you from the beginning, her first visit to the casino to her top success, and back down again. She does give explicit tips on what to look for when picking out a slot machine to play with the best chance of winning significant payouts. I read it through the first night I got it, couldn't put it down. She's very easy to warm up to, and I

was left wondering how she is doing now, and if she still goes to the casino. I plan on going in the next few days to test out her strategies. Thank you Debbie for a warm insight into your experience. 3 of 4 people found the following review helpful. One heck of a book! By Tropical Sue I really enjoyed this book. This journey will stay with me forever. I can't believe that taxman! That such criminal actions take place! I found her slot playing tips very helpful. This is the best book I've read on the subject so far. It's more than just gambling. :-)

What would you do if you won 3.4 million dollars in 5 years just playing \$1.00 slot machines? If you won, Would you help others in need or only help yourself? Come along with me as I explore the consequences of winning. Don't deny your heart's desire.
