I figured I would get it in the 1960s from when she was in her twenties to bring back some good memories for her; and did it ever! She called me on the phone just to tell me song titles in one of the searches and the memories it brought back for her, and then she started to read popular movies. Needless to say this was a huge hit and it made me feel good to actually get my grandma a present that she loves and enjoys!!! I recommend this book to anyone who loves search and finds and the 1960s! Groovy :)1 of 1 people found the following review helpful. Best large print formatBy RedGardenThe format of words on the left pages and the grid of letters on the right pages is preferred by my 90-year-old mother. I'm grateful for the word search publishers who let you "look
