Dan Lewis : Now I Know More: The Revealing Stories Behind Even More of the World's Most Interesting Facts before purchasing it in order to gauge whether or not it would be worth my time, and all praised Now I Know More: The Revealing Stories Behind Even More of the World's Most Interesting Facts:

7 of 7 people found the following review helpful. Addictive like cocaine, good for you like push ups. By Justin Carnahan If you can tell that someone is using a technique, then they're doing it wrong. This axiom probably explains Dan Lewis's brilliance; he clearly spends the time to edit and make his work flow, but it's done so well you don't even notice how easily one story flows into another, and you find yourself turning more pages than you meant to. Great book, easy read, like the first, except different. Definitely worth a purchase. 4 of 4 people found the following review

helpful. This book is filled with a lot of fun facts and a nice bit of detail beyond each ...By Joshua Boudreaux
This book is filled with a lot of fun facts and a nice bit of detail beyond each of those facts. This helps makes those facts stand out a bit more in your mind. It is also nice that the Lewis tried to keep it where each fact related to the next one in some way. While, I will not read the book again. I did get it on audio book and plan to listen to it during my drive to and from work. I would highly recommend this book for anyone who likes to learn random trivia.4 of 4 people found the following review helpful. TRUE STORY: IF YOU GLOW BLUE, YOU SURVIVEBy Ruth Ann Harnisch
TRUE STORY: IF YOU GLOW BLUE, YOU SURVIVESeriously, did you know that wounded Civil War soldiers lying in the battlefield who had an eerie blue glow stood a better chance of survival?I should make you buy the book to find the explanation, but I won't.You SHOULD buy the book because there's an interesting (short) story with every turn of the page.And those soldiers? The blue glow came from a bioluminescent microbe that produced toxins which held off infection of the soldiers' wounds.

"Every story in the book is interesting, and Lewis includes a 'bonus fact' at the end of each story, which is a mini mind bender on its own." --BoingBoing
"A mind-tickling encyclopedia...Now I Know is a treat in its entirety...an oasis of learning about what you don't yet know...but are glad you found." --Brain Pickings
Dan Lewis, creator of the Webby Awardwinning Now I Know newsletter, is back with 101 unbelievable-but-true stories to blow your mind. Get ready to find out the real deal behind a new collection of fascinating facts. From pink camouflaged fighter planes to secret Harry Potter characters, Now I Know More covers everything from history and science to sports and pop culture.You'll learn about made-up towns that made their way onto real maps, the time three MLB teams squared off in a single game, and ninety-nine more curious cases of remarkable trivia. And it's all true. With this book, you really will know more!

"Dan Lewis' Now I Know More: The Revealing Stories Behind Even More of the World's Most Interesting Facts is dedicated to proving me wrong and, surprisingly, it repeatedly succeeds. Perhaps the best part of the large and growing collection of watercooler facts is the lightheartedness of the writing." - BookTrib.com
