NPR : NPR American Chronicles: World War I before purchasing it in order to gauge whether or not it would be worth my time, and all praised NPR American Chronicles: World War I:

0 of 0 people found the following review helpful. Chronicles good, but confusing connections By Scott from NM For context, I commute 1hr 40 min each way. These are just a few interviews from WW1. Chronicles are good, but then there is attempt at providing a setting for the war, the entrance of America, and the end of war. These little discussions are poorly done and confusing. Especially the long discussion on the role of the Middle East into the war setting. I listened to it twice and found it poorly done. 1 of 1 people found the following review helpful. Best of the three By Joe Hilger Good stories that can be related to my students to add more meaning to their cognitive memories. For those of us that know religion plays a major role in history, this one of the three recognizes that fact. The audio is much better on this CD than that of the Civil War and WWII chronicles. Why, I don't know but it is so. 0 of 0 people found the following review helpful. Great Interviews with Veterans of World War I By Tony Classic NPR format. Great Interviews with Veterans of World War I. Made a long drive pleasant.

Famously referred to by US president Woodrow Wilson as the war to end all wars, the first world war eclipsed all previous wars with its scale of destruction. With over twenty-seven nations involved, the battle-field horrors and political outcomes of the first truly global military conflict had repercussions that are still felt today. NPR presents a vivid portrait of what most experts consider the first modern war, including profiles of America's flying ace Eddie Rickenbacker, unlikely savior of war-torn Belgium Herbert Hoover, and the last surviving doughboy Frank Buckles.

The short pieces, featuring historians, authors, and veterans, are interesting enough as stand-alone stories. Together, they make a fascinating WWI primer. There are many new books coming out to mark the centennial of The Great War this is one not to miss. [AudioFile](#)
