NPR : NPR American Chronicles: World War II (American Chronicles (Highbridge Audio)) before purchasing it in order to gauge whether or not it would be worth my time, and all praised NPR American Chronicles: World War II (American Chronicles (Highbridge Audio)):

0 of 0 people found the following review helpful. The first CD of this set had bad audio, however By Joe Hilger The first CD of this set had bad audio, however, the other two were fine. The stories were good and can be used as good teaching tools. Of the three chronicles only the WWI series contained any reference to religion which played an enormous part of all three wars. As good as NPR is it is a shame they feel it necessary to avoid an issue that has played such an important part of our history. 0 of 1 people found the following review helpful. Five Stars By dogmom This is a gift - I hope that it is well done. 0 of 0 people found the following review helpful. Five Stars By meradley0131 Exciting and great condition!

NPR reveals remarkable stories of valor, bravery, and survival from the deadliest conflict in history with this vast panorama of interview, memories, and first person accounts from fronts in Europe, the Pacific, and at home. Harrowing, heartbreaking and deeply personal, this collection offers an intimate, engaging way to learn more about the war that changed the world.

This three-hour set is filled with the stories that bring history to life, the actual memories of real men and women. This

is what history is all about, not a bunch of names and dates in a stuffy old textbook, but real people telling their own stories. Nobody does this kind of work better than NPR. Audiobook Heaven
